NATURAL HAIR / WHITE TAKLON

Soft-Grip™ natural hair brushes consist of soft, natural goat hair, white bristle, fitch and ox hair. The soft hair is ideal for fluid finishes like watercolor, ink and ceramic finishes while the firm natural bristle hair is ideal for heavy-bodied acrylics and oils.

Soft-Grip™ white taklon brushes are made with thick, multi-diameter synthetic filaments and are ideal for acrylics and oils. Slightly firmer than the gold taklon series, these brush styles have great durability, spring, and sharp edges for great control.
