WHY CHOOSE ROYAL & LANGNICKEL?

Royal & Langnickel is a pioneer and recognized industry leader in developing, manufacturing, and marketing premium artist quality brushes. With more than 60 years of brush-making experience, the driving force behind our success has remained the same; we consistently anticipate the needs of our customers.

We surpass customer and consumer expectations by maintaining a passionate commitment to excellence and fostering a spirit of innovation. This is not just another brush brochure. It's a valuable directory designed to help you understand what brushes will best suit your needs. In addition, we explain how to present our brushes, with detailed merchandising tools including our highly adjustable retail brush rack system.

STANDARD HANDLE

Aqualon

Aqualon™ brushes are constructed with premium quality, multi-diameter filaments that hold water and color, maintain fine points and offer exceptional resilience. Natural hair fan and liner options hold massive amounts of color for broad coverage. The clear acrylic handles can soak in water without swelling or cracking and offer a beveled scraper edge for highlighting, burnishing, scraping and color removal.

- Ferrules are glued and crimped to standard length, clear acrylic beveled edge handles
- Corrosion resistant, seamless nickel-plated brass ferrules
- 76 sizes comprised of 18 styles

Royal SableTek

Royal SableTek™

Royal SableTek™ brushes are engineered to retain shape, sharp points and crisp edges over time, allowing the artist to lay down optimum amounts of color with precision and ease. These brushes are constructed of premium quality, multi-diameter synthetic filaments. A percentage of filaments have a unique "wavy" profile, giving the brush exceptional color carrying capacity. Ideal for use with acrylics and oils, these brushes mimic natural mongoose hair performance in control and response.

Uniquely crimped hairs for exceptional color carrying capacity.

SNOWWHITE

SNOWWHITE™

Snowwhite™ brushes are made with a thicker diameter white taklon blend. They are designed to work like traditional premium white bristle brushes, but offer sharper edges, finer points, better snap, and more precision. These filaments release color smoothly, especially in acrylic and oil painting techniques.

Royal SableTek

Royal SableTek™

Royal SableTek™ brushes are engineered to retain shape, sharp points and crisp edges over time, allowing the artist to lay down optimum amounts of color with precision and ease. These brushes are constructed of premium quality, multi-diameter synthetic filaments. A percentage of filaments have a unique "wavy" profile, giving the brush exceptional color carrying capacity. Ideal for use with acrylics and oils, these brushes mimic natural mongoose hair performance in control and response. Close-work artists and decorative painters prefer these brushes due to their precise control.

Uniquely crimped hairs for exceptional color carrying capacity.

Vienna™

Vienna™ brushes are made in the old world tradition with a modern twist by utilizing only the best quality synthetic bristle filaments that are tapered. Like natural interlocking bristle, these extremely durable and strong synthetic brushes are excellent for heavy body acrylics, oils, and water-soluble oils. They are ideal for moving large amounts of color with bold strokes while they maintain their shape and resist abuse.

EXTRA THICK HANDLE

JUMBO™

Royal Jumbo™ brushes are a great option for artists working on big projects or murals. This collection features large surface brushes in many shapes and sizes. Regardless of medium, our three different hair types with various levels of stiffness meet any need. Medium stiffness gold taklon is ideal for thin viscosity paints and perfect for washes. The stiff white taklon is used for medium bodied oil and acrylic. Our extra-stiff bone taklon is great for heavy bodied oil and acrylic.

EXTRA STIFF BONE TAKLON Great for Heavy Bodied Paints

JUMBO™

Royal & Langnickel Jumbo™ Collection. Soft brown taklon hair is ideal for the application of thinner paints like acrylics and watercolors. Firm bone taklon hair is recommended for use with heavy-bodied paints like oils and acrylics. Maximized color-carrying capacity is ideal for base-coating, textured brushstrokes and application to rougher surfaces. Achieve smooth large area coverage in a single stroke!

PREMIUM FINE ART BRUSH RACK ASSORTMENTS

zen™

An attractive collection of sleek and modern brushes available in a wide range of media types that strike the perfect balance between quality and style.

Moderna™

A striking assortment of quality mixed media brushes that offer a wide array of hair types and unique brush shapes.

Soft-Grip™

Form meets function in this selection of appealing and durable brushes that feature the original no-slip soft rubber grip on it's clear acrylic handle.

MENTA™

The peak performing synthetic artist brush. A fresh new eye-catching assortment of premium quality brushes. This brush line is 100% vegan and made with cruelty free synthetic hairs.

Royal & Langnickel, the superior fine art brush manufacturer, is proud to feature our four most popular collections: Zen™, Moderna™, Soft-Grip™ & Menta™.

zen™ 73 Series

Zen™ 73 Series is a true multimedia brush. This quality brush series is comprised of multi-diameter synthetic filaments designed to replicate natural hair. It offers optimal absorbency and versatility, while requiring minimal maintenance. The resilient synthetic hair maintains spring and fine points, making it the ideal brush for all mediums. The ultra-metallic, silver ABS handles can soak in water without swelling, cracking or chipping.

zen™ 83 Series

Zen™ 83 Series is comprised of a blend of soft and stiff synthetic hair and soft natural hair. These brushes are ideal for watercolor, inks, and fluid acrylics. They are the perfect combination of softness and strength, designed to hold generous amounts of water and color. Great resilience ensures delicate or bold strokes can be made easily. The silver ultra-metallic ABS handles can soak in water without swelling, cracking, or chipping and offer a beveled scraper edge for highlighting, burnishing, scraping, and color removal.

Moderna™ BRUSH SETS

47 Series

Moderna™ 47 Series is an assortment of long handle mixed media artist brushes that excel with any kind of painting style. Their premium quality, bold design and durable construction set them apart from the rest. Moderna™ brushes are made with better quality, multi-diameter synthetic gold taklon hair offering excellent spring and sharp points. The purple ultra-metallic ABS handles can soak in water without swelling, cracking or chipping.

Soft-Grip™
SYNTHETIC SABLE

Soft-Grip™ is a collection of appealing and durable brushes that feature the original no-slip rubber grip on a clear acrylic handle. This extremely well known and great selling line consists of 9 different hair types.

Each Soft-Grip™ synthetic sable hair replicates the performance of natural sable, making it ideal for watercolor, ceramic glazes, and inks but also works well with acrylics. There are 36 sizes consisting of 10 brush styles with this new hair type.

Soft-Grip™

NATURAL HAIR / WHITE TAKLON

Soft-Grip™ natural hair brushes consist of soft, natural goat hair, white bristle, fitch and ox hair. The soft hair is ideal for fluid finishes like watercolor, ink and ceramic finishes while the firm natural bristle hair is ideal for heavy-bodied acrylics and oils.

Soft-Grip™ white taklon brushes are made with thick, multi-diameter synthetic filaments and are ideal for acrylics and oils. Slightly firmer than the gold taklon series, these brush styles have great durability, spring, and sharp edges for great control.

Soft-Grip™ ASSORTED HAIR

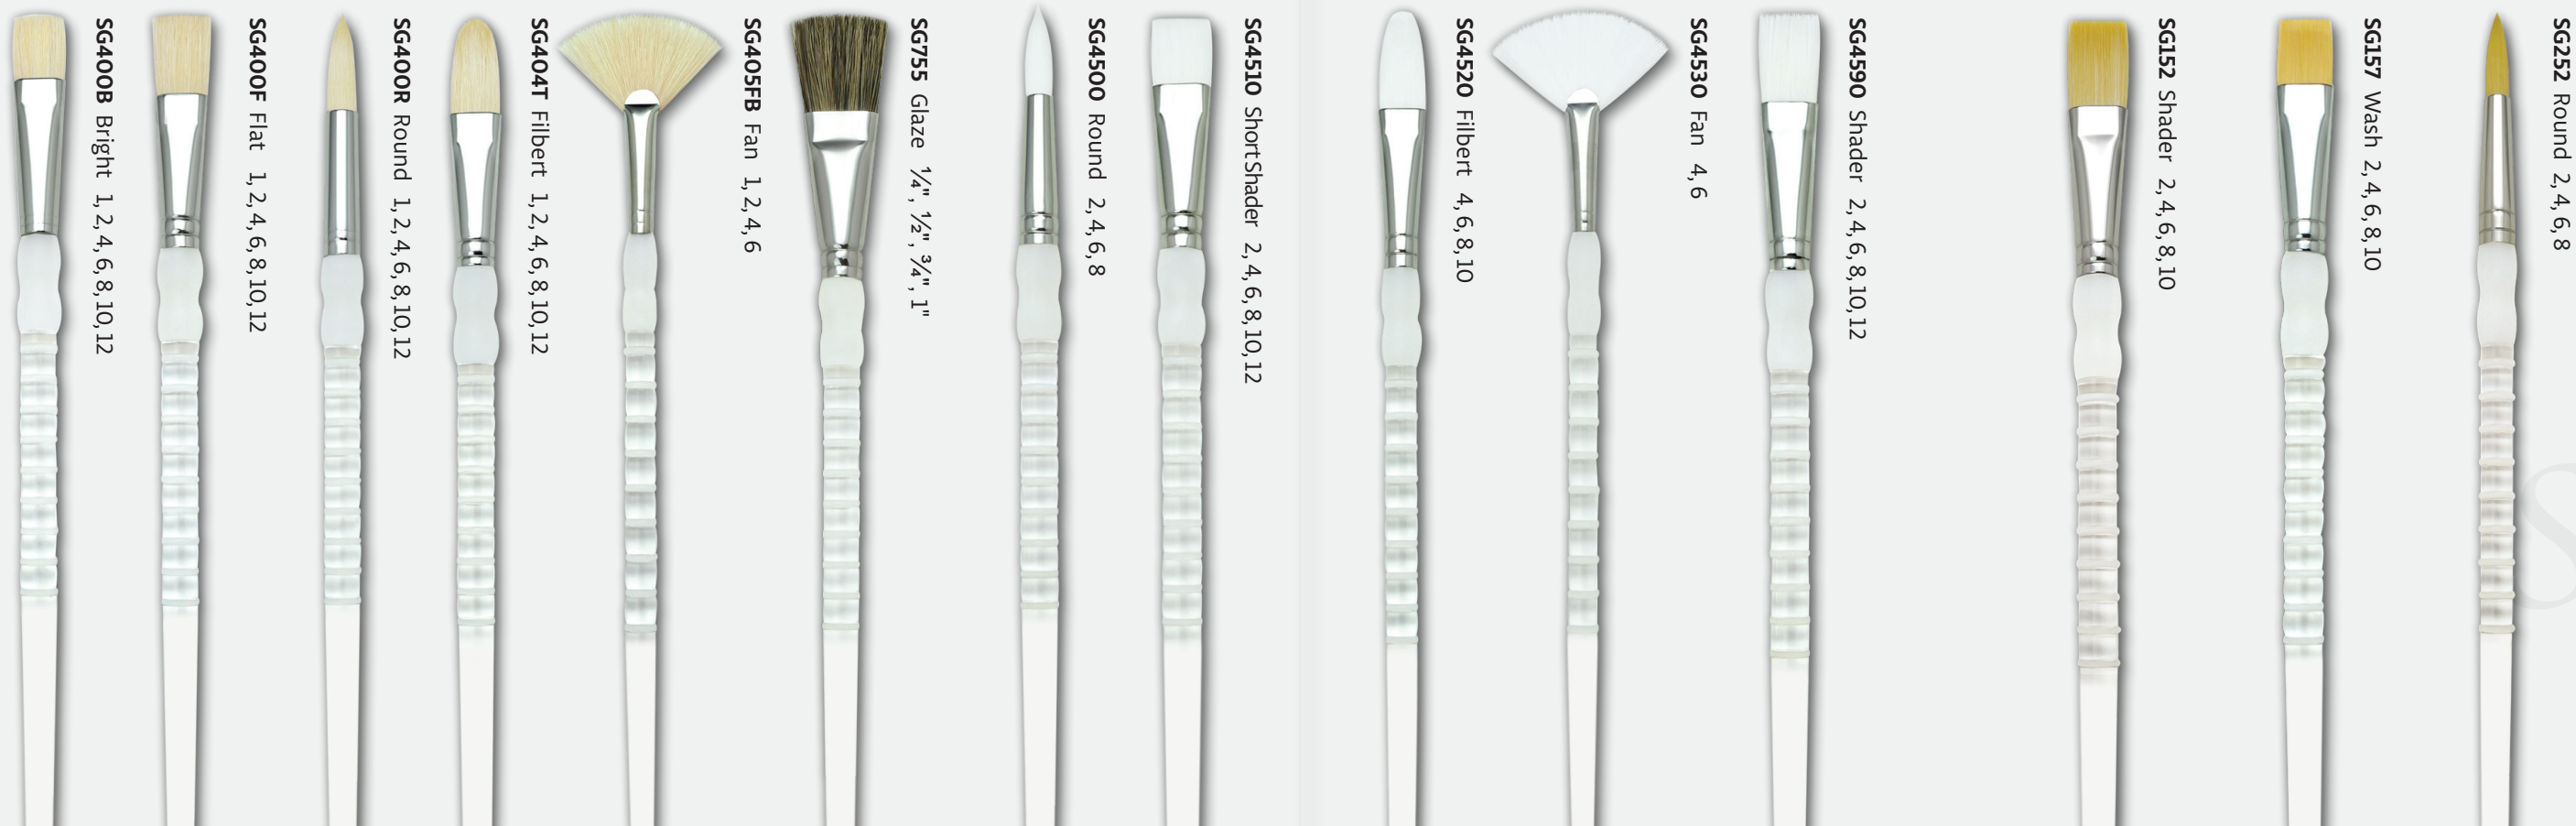

Soft-Grip™ Long Handle brushes are made with a blend of hair types. They include our popular, better quality gold taklon, slightly firmer white taklon and firm bristle, making it ideal for acrylic and oil colors from fluid to heavy bodied. Each brush has an acrylic handle with our patented no slip rubber grip for extra comfort while painting. The color-coded acrylic handles indicate the hair type and can soak in water for long periods without swelling or cracking.

RACK COMPONENTS

Royal & Langnickel's unique brush rack opens up a world of possibilities. The same brush rack can be used with any of our premium brush collections. Simplicity is key. The rack caters to the customer with a combination of neat and organized products and simple, direct language enabling them to view the display without confusion.

Easy set-up:

Royal & Langnickel's very sturdy brush rack comes fully assembled, with adjustable clear containers for long and short brushes.

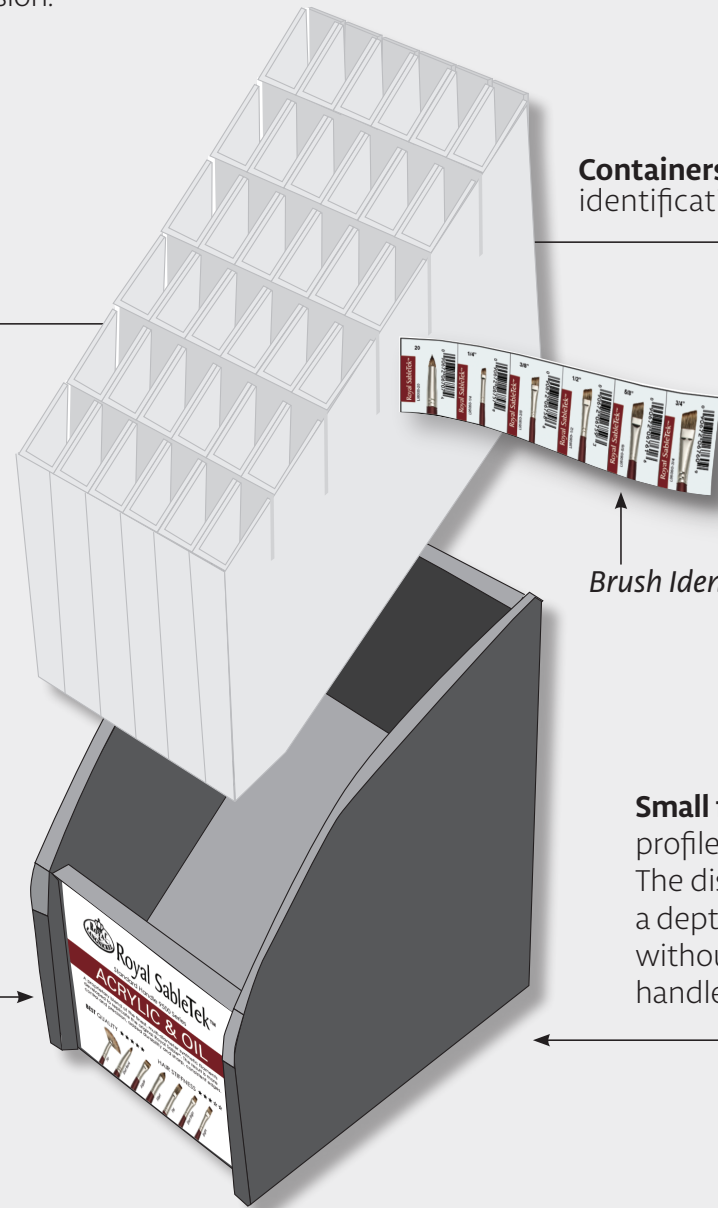

Clear Acrylic Adjustable Containers

Containers have slots which allow brush identification strips to slide behind the brushes.

Brush Identification Strip

Small footprint: The rack has a small profile making it easy to place on shelves. The display measures only 9.75" wide, has a depth of less than 13" and is 19" high without brushes. Height will vary due to handle lengths of brushes.

Header Card

Size/Brush shape system

makes it easy for team members to accurately place brushes in the correct location.

Product photos enable customer to find the correct brush and for identification when restocking rack by team member.

BRUSH IDENTIFICATION CARD

UPC codes for easy scanning by team members for quick re-ordering.

HEADER CARD

Logo and Series Info: Prominent for the customers to identify the brush rack.

Media Type Bar: The color bar allows customers to choose brushes that are suitable for specific media types.

Brush Heads: Visually shows customers the type of brushes that are available in the rack.

Brush Line Description: Describes hair type and importance of the brushes.

Star Rating System: Visually shows customers the quality and hair stiffness of the brushes.

PURCHASING ROYAL & LANGNICKEL PRODUCTS

We've built an extensive network of knowledgeable distributors and dealers around the world. Look for our products at fine retailers where you purchase art supplies. If you are unable to locate a retailer near you, visit royalbrush.com to purchase products.

Join Our Family

To become a distributor or dealer, please contact our customer service department at 800-247-2211 for complete details. We accept all major credit cards. Terms will be set upon completion and approval of a credit application. We reserve the right to limit the number of dealers and distributors in an area or region.

Shipping

If specific shipping preferences are not requested, orders will ship by the most economical method. Express delivery and international services are available. We make every effort to pack items so they are in perfect condition when they reach you. Please inspect shipment for concealed damage upon arrival.

Returns

All returns require prior approval and a RMA number from our customer service department. Royal & Langnickel will replace or credit defective merchandise, items sent in error or subject to a freight claim through properly reported loss or damage while in transit. Royal & Langnickel is not responsible for damages incurred in return transit. Please take care in packaging items prior to return shipment. Customer is responsible for freight charges and insurance. We will not accept returned merchandise without prior approval or items shipped C.O.D. or collect.

Claims

If damage is apparent at time of delivery, inspect packages and alert carrier. Please note the number of packages, condition and any missing items when signing for delivery. Also alert our customer service staff of damages or missing items within seven days of delivery.

Backorder

In an effort to best service our customers, Royal Brush will no longer retain back orders.

Exceptions:

- Brush Rack Assortments that did not ship complete. The missing items will be shipped domestic free freight as soon as they become available.
- Pre-Order for new items that are not yet available. These items will ship once in stock.

3rd Party Warehouse Fulfillment

To qualify:

1. E-Commerce Retailers must carry product on their website.
2. Catalog House must carry product in their catalog.
3. Brick or Mortar stores must carry product in their stores.

Order process requirements:

1. Items must be ordered in full case quantities and meet minimum order value.
2. Carton labels must be submitted at the same time the order is placed.
3. Standard order process time is 7-14 days.
